General Karhohs

GACarver, Jr.

Ruth and I are delighted that you and Jo can join us for dinner on Saturday, 1 April. As I think I said over the phone, 1930 is the time in question. Our house is not hard to find but the last mile or so is complicated by a total absence of street signs or house numbers. Attached is a set of all-purpose directions which should enable you to get there with ease. We are looking forward very much to seeing you both.
